

As Scientists we will be studying animals and humans, looking at nutrition, transportation of water and nutrients in the body. Muscle and skeleton systems of humans and animals. As well as investigating the digestive system in humans whilst also looking at teeth and how to care for them.

As Computing Technicians we will use coding programs such as Kodu to design and write programs that accomplish specific goals, including controlling and simulation. As well as this we will continue to develop our E-Safety knowledge.

As Artists we will be learning about and developing our painting knowledge and techniques, through studying and painting Rainforest animals.

As Designers we will be designing and making various food items from around the world.

As Geographers we will be studying climate zones, focusing particularly on the Rainforest. Mapping will also be a focus this term, looking at world maps, tropics and the equator.

In RE we will be studying Sikhism, looking particularly at caring for others and special places.

As Musicians we will be listening to, appraising and performing a range of songs and music with Mrs Curry our music teacher.

Class 3

All Around the World

Curriculum Drivers

Ambition and Possibilities

'Never give up', 'Encourage others' and 'Do your best' will remain to be of focus this term.

Life-skills and Enterprise

We will continue to extend our knowledge on life skills such as E-Safety and cookery as well as planning our own lines of Scientific and Historical enquiry. Also we continue to work on taking on responsibilities in class and around school.

Knowledge and Understanding of the World

We will continue to use links in our local community to aid our learning through visits, local exploration and inviting visitors into school to share their expertise. Through the use of children's news channels and newspapers we will continue to explore local, national and international news events.
