**As Scientists** we will be planning and carrying out investigations into rocks. Studying the different types of rocks and how we can identify these.

**As Computing Technicians** we will use coding software such as Scratch and Kodu to design and write programs that accomplish specific goals, including controlling and simulation. As well as this we will continue to develop our E-Safety knowledge

**As Artists** we will focus on our 3D modelling skills and techniques, whilst making Roman inspired pottery and mosaics.

**As Designers** we will be using our new found computer coding knowledge to help create and control a construction.

## Class 3

# ROMANS ROCK!

**As Geographers** we will be studying and investigating volcanoes and earthquakes. As well as focusing on mapping skills, whilst investigating Europe.

**As Historians** we will use a range of different sources to study the Romans and the legacy of the Roman Empire.

**In RE** we will be further developing our understanding of Christianity by studying symbols and worship in the religion.

**As Musicians** we will be listening to, appraising and performing a range of songs and music with Mrs Curry.

## Curriculum Drivers

### Ambition and Possibilities

We will continue to explore NED further. 'Never give up', 'Encourage others' and 'Do your best' will be of focus this term.

### Life-skills and Enterprise

We will continue to extend our knowledge on life skills such as E-Safety and cookery as well as planning our own lines of Scientific and Historical enquiry. Also we continue to work on taking on responsibilities in class and around school.

### Knowledge and Understanding of the World

We will continue to use links in our local community to aid our learning through visits, local exploration and inviting visitors into school to share their expertise. Through the use of children's news channels and newspapers we will continue to explore local, national and international news events.
