

As Scientists, we will be comparing materials, and sorting them according to their properties.

We will be looking at changes in the weather.

As Computing Technicians, we will be investigating different uses of technology.

As Artists, we will be using a range of different materials and copying the work of some famous artists.

As Designers we will be looking at simple mechanisms to make things move.

As Geographers, we will be finding out about the area we live in and comparing it to other places..

As Historians, we will be looking at how our celebrations today have changed from those in the past, asking people we now about their experiences.

As Musicians, we will be singing and learning about pulse and beat.

Class 1
Autumn 2017
Celebrations

Curriculum Drivers

Ambition and Possibilities

We will identify the ways in which NED principles are important.

Life-skills and Enterprise

We will consider how the things we are enjoy or are good at could be used in a job.

Knowledge and Understanding of the World

We will use festivals and world events as a basis for comparing cultures and ways of life.
