

As Scientists we will comparing and contrasting life-cycles and processes, exploring habitats and using classification keys to identify living things.

As Computing Technicians we will be using Kodu to create 3D settlements and developing presentation skills through our history and geography topic.

As artists we will continue to develop painting skills, studying art works and techniques from cultures around the world.

As Designers we will explore the use of textiles.

As Geographers we will be investigating features of landscapes and the impact of human settlements.

As Historians we explore the power struggle between Vikings and Anglo-Saxons, looking at the impact then and now on our country.

In RE we will examine and compare concepts and beliefs in world religions.

Class 4 Settlements and Struggles

Curriculum Drivers

Ambition and Possibilities

We will explore NED further and look at a variety of jobs connected to our topics.

Life-skills and Enterprise

We will plan our own lines of scientific, geographical and historical enquiry and develop independent learning paths, following individual interests.

Knowledge and Understanding of the World

We will explore local, national and international news events and issues linked to climate change.
