

As Scientists we will be exploring everyday materials, their properties and carrying out experiments for these.

As Computing Technicians, we will be developing our programming skills and our understanding of internet safety.

As Musicians we will be singing, learning about the tempo of songs and developing our understanding of percussion.

As Artists we will be painting landscapes.

As Designers we will investigate different structures, what materials they are made from and how suitable they are.

**Class 2
Autumn
Fire! Fire!**

Curriculum Drivers

As Geographers we will be investigating our local area and carrying out fieldwork skills. We will also be comparing our local area to London

As Historians we will be learning about The Plague and The Great Fire of London.

In RE we will be focusing on the question 'What can we learn from our local faith communities'

Ambition and Possibilities

We will explore NED further and look at ways to help us to persevere.

Life-skills and Enterprise

We will develop our own lines of Scientific and Historical enquiry, building upon our interests and exploring our questions.

Knowledge and Understanding of the World

*We will explore local, national and international festivals and events linked to our topic.
We will develop our understanding during Black History Month about Rosa Parks.*
