

As Scientists we will be planning and carrying out investigations into how sound and light travel.

As Computing Technicians we will be further developing skills using Scratch to make a complex screen and will also developing programming skills through the use of 'Lego we do'. We will be developing safe searching skills, learning how to deal with 'spam' and editing images.

As artists we will develop an understanding cultural traditions through painting and explore the amazing world of architecture.

As Designers we will explore structures

As Geographers we will be studying South America focusing on population, rivers and mountains.

As Historians we will use a variety of sources to study Early Islamic civilisation, draw conclusions about life in Baghdad during these times and how this civilisation helped to shape our lives today.

In RE we will be developing an understanding of Islam.

Class 4

Lands and Landscapes

Curriculum Drivers

Ambition and Possibilities

We will explore NED further and look at a variety of jobs connected to our topics.

Life-skills and Enterprise

We will plan our own lines of scientific, geographical and historical enquiry and investigate areas of interest.

Knowledge and Understanding of the World

We will explore local, national and international news events and festivals linked to our Islam topic; linking knowledge from history and RE studies.
