

As Scientists we will be planning and carrying out investigations into rocks. Studying the different types of rocks and how we can identify these.

As Computing Technicians we will use coding software such as Microbits to design and write programs that accomplish specific goals. We will also write programs of control and simulation linked to our topics.

As Artists we will focus on 'Abstract Art' looking at the work of artists from this genre including Wassily Kandinsky & Jackson Pollock

As Designers we will be studying, designing and making framed structures.

As Geographers we will be studying and investigating volcanoes and earthquakes. As well as focusing on mapping skills, whilst investigating Europe.

As Historians we will use a range of different sources to study the Romans and the legacy of the Roman Empire.

In RE we will be further developing our understanding of Christianity by studying what we can learn from Christian worship by visiting a church & answering the question why do people visit Durham Cathedral today?

As Musicians we will be listening to, appraising and performing a range of songs and music with Mrs Curry our singing teacher.

Class 3

ROMANS ROCK!

Curriculum Drivers

Ambition and Possibilities

We will continue to explore NED further. 'Never give up', 'Encourage others' and 'Do your best' will remain to be of focus this term.

Life-skills and Enterprise

We will continue to extend our knowledge on life skills by working on taking on responsibilities in class and around school, being the best member of school we can be.

Knowledge and Understanding of the World

We will explore local, national and international news events and festivals linked to our RE topic. We will also extend and develop our knowledge understanding during Black History Month in our study of Nelson Mandela.
