

As Scientists we will be investigating Forces and magnets, looking at contact and distant forces, attraction and repulsion.

As Computing Technicians we will be using Scratch to extend our Coding work, in the realms of tombs and mazes.

As Artists we will study 'Royalty' by looking at royal portraits and ceremonies. We will make links to our Ancient Egyptian topic and their Pharaohs.

As Designers we will study mechanical systems of linked levers, particularly the way in which the Ancient Egyptians created the Pyramids.

As Geographers we will be exploring in order to describe and understand key aspects of the physical geography of 'Rivers' as well as studying erosion & deposition, namely of the River Nile. We will also be studying the 'Water Cycle'.

As Historians we will consider achievements of the Early Civilizations and carry out a study looking at life in Ancient Egypt.

In RE we will be studying Christianity, looking at what we know about the Bible & why it is important to Christians.

As Musicians we will be working on our skills at using instruments – the recorder & glockenspiel.

Class 3

Tomb Raiders!

Curriculum Drivers

Ambition and Possibilities

We will work on our sporting ambition this term. As well as focusing on how we can achieve our full potential in all areas of life through our work on NED.

Life-skills and Enterprise

We will continue thinking about our responsibilities within class and the wider school community, as well as gaining important life skills such as online-safety awareness and continuing our work on 'My Money' themes.

Knowledge and Understanding of the World

We will explore local, national and international news events and festivals linked to our topics through watching and listening to children's news outlets.
