

As Scientists we will investigate materials and waterproofing through planning and carrying out tests. We will also explore seasonal changes and light.

As Computing Technicians, we will be developing our skills using power point, creating our own simple algorithm and videoing our own weather forecast.

As Musicians we will be listening to, appraising and performing a range of songs.

As artists we will continue to develop drawing and painting skills, studying art works by artists inspired by the weather.

As Designers we will develop skills in food preparation and plan and make portable snacks.

As Geographers we will be investigating weather and seasonal changes. We will develop enquiries and use data collection skills to present our findings.

As Historians we will use information from sources such as images, texts and websites to find out about the life of Grace Darling.

In RE we will explore Buddhism, reading stories which will help us to understand beliefs and practices.

**Class 2
Spring
Weather Watchers**

Curriculum Drivers

Ambition and Possibilities

We will continue to explore NED further. 'Never Give Up', 'Encourage Others' and 'Do Your Best' will be the focus of the term.

Life-skills and Enterprise

We will continue to extend our knowledge with life skills as well as planning our own lines of Scientific and Historic enquiry. Also, we will continue to work on taking responsibilities.

Knowledge and Understanding of the World

We will continue to use our links in the community to aid our learning through visits, and local exploration. Through the use of children's news channels we will explore current news events across our local community and the world.
